

GoSimple Sunshine Warranty

For Installation Year 2020

Installation Contractor:

GoSimpleSolar by Semper Fidelis Construction Inc. – License # 948715

Links: GoSimpleSolar.com

Installation Warranty:

10-year roof leakage warranty and 10-year warranty for installation defects.

Modification of roof, PV mounts or other roof work will void this warranty at the discretion of California Roofing. CaliforniaRoofing.org

Products:

- **USA Made Mission Solar Energy or Silfab Solar Panels:**
25-year production warranty, 25-year workmanship warranty
- **SolarEdge Inverters:**
12-year workmanship warranty
* Extendable at any time during initial warranty period to 20 years.

Web Based Monitoring, if selected by customer:

Internet based solar PV production and performance data is reliant on a stable Internet connection; after initial installation, a stable Internet connection is the responsibility of the home or business owner. Initial connection is included in project cost. Change of Internet service provider, Internet router, or other anomalies that occur are the responsibility of the home or business owner.
